Chess Club introduces students to the game of chess and combines both educational and social activities. Students will get together to play, to learn, to teach, to meet old friends, and to make new ones. Chess Club welcomes students with varied levels of skill, experience, and age. The club will offer a wide variety of activities. In the beginning, we will learn the basics of chess, including names of pieces, rules, strategy, etc. As the club progresses over the 9 weeks, we will move from leisurely games to speed and clocked games.
