

Our names are Bennett McCombs and Maggie Madden. We go to First Baptist School on James Island. We were given the opportunity to do a service project in which we are each given \$100 with the intent to double it for a charity/organization of our choice. We have chosen to support the Water Missions, Walk for Water Organization.

The Water Missions is a non-profit charity that provides water to countries and cities in poverty or distress from natural disasters. Our plan is to raise as much money as possible for this past hurricane seasons victims.

If you have any questions concerning the race or donating please contact bennettmcombs@gmail.com and 21maddenm@fbhurricanes.net and we will answer all of your questions. Hope to see you soon!!!
