

## Lowcountry Aquatic Project Swimming (LAPS)

My name is Eliza Smith. I am in tenth grade at First Baptist and I am on the swim team and soccer team. Last year, I was awarded MVP of the girls swim team, and I finished in the top 5 in all of my individual races at the SCISA state championship. I am doing a swim-a-thon in order to raise money for my service project and I would greatly appreciate it if you would sponsor me. I will be donating all of the earned money to a local charity, Lowcountry Aquatic Project Swimming (LAPS). LAPS provides water safety and swimming instruction to kindergartners and first graders in Charleston County Title 1 schools. I have been swimming for about 12 years and I am very passionate about the sport which is what motivated me to choose this amazing organization. On March 8th, I will be swimming as many laps as I can in order to raise up to \$200 and if you could, any contribution will help! For more information about the swim-a-thon and how to donate, please feel free to email me at [21smithe@fbhurricanes.net](mailto:21smithe@fbhurricanes.net).
